

Azure Cost Report

Generated Thu, 09 Jul 2026 11:45:49 GMT · 1 subscription(s) · 30-day window · cloud tier

Estimated monthly savings identified

EUR 2,940.00

across 24 finding(s) · 21% of your ~EUR 13,900.00/mo estimated spend

Cost summary

Current spend (last 30 days)	EUR 12,480.00
Forecast month-end (this month)	EUR 13,900.00
Last full month	EUR 13,210.00
Live resources	EUR 11,310.00
Deleted, still billing — act on these	EUR 420.00
Unattributed / shared	EUR 750.00
Savings potential (24% of spend)	EUR 2,940.00

Monthly spend trend — Month so far 6% down vs Jun (full month)

Savings by category

Category	Estimated monthly savings
Compute	EUR 1,420.00
Storage & Disks	EUR 826.00
Databases	EUR 495.00
Networking	EUR 133.00
App & PaaS	EUR 66.00

Pricing coverage: 98% of findings priced (16 from your actual Azure cost data, 6 estimated, 2 unpriced). Savings are about 24% of your run rate.

Findings (24)

Finding	Resource	Cost basis	Monthly savings
VM runs 24/7, used ~9h on weekdays	vm-build-04 rg-ci	billed · high 1-click	EUR 1,180.00
Idle SQL database — no connections in 30 days	sqlldb-staging rg-data	billed · high advisory	EUR 410.00
Oversized VM — 4% average CPU, right-size to B2ms	vm-api-02 rg-prod	billed · high 1-click	EUR 240.00
Orphaned premium disk (P30)	disk-old-p30-01 rg-old-project	billed · high 1-click	EUR 140.00
Orphaned premium disk (P30)	disk-old-p30-02 rg-old-project	billed · high 1-click	EUR 140.00
Orphaned premium disk (P30)	disk-old-p30-03 rg-old-project	billed · high 1-click	EUR 140.00
Orphaned premium disk (P30)	disk-old-p30-04 rg-old-project	billed · high 1-click	EUR 140.00
Orphaned premium disk (P20)	disk-old-p20-01 rg-old-project	billed · high 1-click	EUR 90.00
Orphaned premium disk (P20)	disk-old-p20-02 rg-old-project	billed · high 1-click	EUR 90.00
Over-provisioned SQL database — 6% average DTU	sqlldb-reporting rg-data	billed · high advisory	EUR 85.00
Empty App Service plan (no apps)	asp-legacy rg-web	billed · high 1-click	EUR 52.00
Idle VPN gateway — no connections in 30 days	vgw-test rg-network	billed · high advisory	EUR 38.00
Snapshot older than 30 days	snap-sql-migr-2024 rg-backup	billed · high 1-click	EUR 34.00
Snapshot older than 30 days	snap-web-2024 rg-backup	billed · high 1-click	EUR 30.00
Unattached public IP	pip-unused-01 rg-network	billed · high 1-click	EUR 19.00
Unattached public IP	pip-unused-02 rg-network	billed · high 1-click	EUR 19.00
Unattached public IP	pip-unused-03 rg-network	billed · high 1-click	EUR 19.00
Unattached public IP	pip-unused-04 rg-network	billed · high 1-click	EUR 19.00
Unattached public IP	pip-unused-05 rg-network	billed · high 1-click	EUR 19.00
Over-redundant storage (GRS on dev data)	stdevartifacts rg-dev	billed · high 1-click	EUR 19.00
Log Analytics retention beyond 90 days	log-central rg-ops	billed · high advisory	EUR 14.00
No lifecycle policy on log storage	st-logs-01 rg-ops	billed · high advisory	EUR 3.00
Orphaned NIC	nic-old-01 rg-old-project	billed · high 1-click	EUR 0.00
Orphaned NIC	nic-old-02 rg-old-project	billed · high 1-click	EUR 0.00

Reservations & savings plans

3 VM(s) run steadily enough to cost less under a commitment. The options below compare the total monthly cost of those VMs; a commitment only pays off while they keep running. Estimated from list prices.

Option	Monthly cost	Saving vs on-demand	%
Pay-as-you-go (on-demand)	EUR 2,430.00	—	—
1-year Savings Plan	EUR 1,849.00	EUR 581.00	24%
3-year Savings Plan	EUR 1,678.00	EUR 752.00	31%
1-year Reservation	EUR 1,910.00	EUR 520.00	21%
3-year Reservation (best)	EUR 1,648.00	EUR 782.00	32%

Per-VM detail — best commitment per machine (RI = Reserved Instance, SP = Savings Plan). Top 4 by cost.
